

I. C. C. OPPOSES FARE INCREASES OF ILL. CENTRAL

(CNS) The Illinois Commerce Commission filed a brief December 24 in the Supreme Court in its appeal against commutation fare increases granted to the Illinois Central railroad by the Interstate Commerce commission and sustained by the U. S. District court in Chicago.

The railroad had petitioned the Illinois Commerce Commission for a \$2,000,000 annual increase but was turned down February 28. The government's Interstate Commerce commission then ruled and granted the road \$1,300,000 increase which went into effect November 1 after a three judge court affirmed the ruling.

A suit for the full \$2,000,000 increase is now pending in circuit court.

In its brief the Commission states that the government agency, in finding that the Illinois Central railroad operated at a deficit, refused to give effect to the railroad's failure to follow the commission's own accounting regulations and disregarded evidence by impartial witnesses.

The brief also charged that the Interstate Commerce commission acted arbitrarily and unreasonably in concluding that the railroad's commutation fares discriminated against interstate commerce. The brief further stated that the Interstate Commerce commission acted improperly in ordering the increase while the same fare proposals were being considered by state authorities.

The latter have no children.

Snow Slows Mail; Many Payless Hours For P. O. Workers

The severe weather, snow and cold in this area was a test for the delivery of mail by trucks.

The post office forces in Mokena and Frankfort worked two Sundays previous to Christmas and many evenings after closing hours in order to get the mail started and ready for delivery.

Mail comes to Mokena, Frankfort and New Lenox by trucks from Joliet. The Chicago mail for these villages come by truck to Joliet where it is picked up by the trucks serving these villages.

The Saturday when the snow was heavy three trucks were able to get thru from Chicago late, and one regular truck didn't get through. There are four trailer trucks bringing mail from Chicago to Joliet each day. During the Christmas rush there were three extra trailer trucks used.

Before the truck mail delivery Mokena had four incoming and four outgoing mails by trains and the trains always got through, altho late at times.

Much credit should go to the post office employees and postmasters in the local towns who work on Sundays and evenings as they do this without pay. Their appropriations are only for 40 hours of work per week. But in a rush of mail there is no provision in the appropriation for extra work.

Word From the Colby's In Miami

Friends in this area received a letter card from Mr. and Mrs. Guy Colby from their winter sojourn in Miami, Fla., at the Stouts Trailerville, 1274 N. W. 79th street.

They state they thoroughly enjoy the warm weather there with the outdoor activities, and planned to enjoy the Orange Bowl parade on New Year's eve. They invite all friends who might be going that way to stop and see them.

They report the death of their little grandson, 18 months, son of their daughter Ruth and her husband. He was sick but a few days.

They plan to be back in Chicago by June 1.

Mr. Colby will be remembered by many as the instigator of Barn dancing at WLS and who conducted square dancing at Monee for a number of years.

Readers Viewpoint

January 2, 1952
Editor News-Bulletin,
Dear Madam:

I read your article of last Thursday on the donation of land to the Forest Preserve district.

Your readers will undoubtedly assume that this is an act of philanthropy so the citizens of Will county may gain an entrance to the north end of Van Horn woods.

However I should like to remind the thinking readers that many acts of expediency are construed as acts of public charity.

Respectfully,
Marion Owen.

W. Rufus Pickett, the writer of Rufe's Ramblings often enjoyed by our readers, was the honored guest at a Christmas party given by the regulars on the last car of the 5:28 p. m. Rock Island suburban train recently.

When it was learned that the conductor, who has always been known for his courtly and pleasant manner, was to be transferred to another run his appreciative passengers presented him with an electric signal lantern and sang "For He's a Jolly Good Fellow." High Birth Rate to Affect Schools in '52

Next year when the state's 1947 peak "baby crop" enters school there will be—in the state as a whole—three youngsters entering the first grade door for every two who entered in 1940. Add to this the suburban population growth, loaded with young children, and school needs now and for some time to come, are clear.

The suburban high schools also are feeling growing pains, but what they feel now is nothing to what is ahead.

For the high schools of Illinois as a whole, which have 350,000 students now, there will be 635,000 in 1964. That's nearly double.

For the suburbs, add the effect of population growth, and the future needs of high schools start shaping up. The high schools' advantage is that they can see the size of the wave coming through the grades and enlarge their facilities to meet the coming needs.

Beals Family Finds Home in Small House Moved to Their Farm

The Floris Beals family who recently lost their home and all personal belongings when their farm home recently was destroyed by fire, have again returned to their farm.

A temporary arrangement was made for a home for them when a two room house on the Emil Bettenhausen farm was moved to the farm where the Beals live. This is close by the Bettenhausen farm. The house has been fitted into living quarters for Mr. and Mrs. Beals and their four children thus making it possible for the family to be united again and the farm work to be more efficiently cared for.

Kind friends of Tinley Park contributed to a fund at the Cavett drug store and this amounted to \$110, which the Beals family is most grateful for, in addition to the many acts of kindness by neighbors and friends.

Starting a New Year

The ancient Persian philosophy seems a good thought for the beginning of a new year. It is: "Oh, ye peoples of the world, all of one origin, under one God, learn to live together, talk together, walk together in peace."

And the prayer of St. Francis of Assisi also is most appropriate: "Lord, make me an instrument of Thy peace. Where there is hatred, let me sow love; where there is injury, pardon; where there is doubt, faith; where there is despair, hope; where there is darkness, light; where there is sadness, joy."

Goodwin and Mrs. Betty Wingrove.

The next meeting will be in the home of Beverly Goodwin, January 19 when each member is asked to bring crocheted hooks, knitting needles and thread.

RICH TWP. UP 92 PERCENT IN NEW ASSESSM'T

Rich township's 1951 Quadrennial real estate assessment is \$19,391,048, an increase of 92 per cent, or \$9,322,483 over the 1947 Quadrennial assessment of \$10,068,565, County Assessor John S. Clark this week announced.

"According to state law," Clark explained, "all real estate in the county must be re-evaluated every four years in what is known as a quadrennial assessment."

"The assessed value placed on each building and every land parcel during a quadrennial," he continued, "will remain the value of that piece of real estate for the next four year interim between Quadrennial Assessments, barring, of course any physical change in the property."

A breakdown of Rich's new assessment shows that buildings and homes in the township have been valued at \$11,891,643, and the land at \$7,499,405, Clark stated.

Rich's increase is due chiefly to residential construction and principally the new Park Forest development, he said.

The new assessment valuations for all of Cook county will be announced soon, Clark said. A comparison of Rich's assessed values follows:

	Land	Building	Total
1947 Quad.	\$5,732,703	\$4,335,862	\$10,068,565
1951 Quad.	7,499,405	11,891,643	19,391,048
Increase:	1,766,702	7,555,781	9,322,483

Tinley Mayor Given Care of Brother's Orphaned Children

Mrs. Rose Brown, 38, of 16820 Oak Park ave., president of Tinley Park village board, was awarded custody of the three children of her brother, Anthony Ippolito, 34, and his wife Camille 31, who were killed in a train wreck Nov. 12, at Evanston, Wyo. He was a prominent Chicago orthopedic surgeon, graduate of Purdue university, and a member of the Chicago Bears football team. The children are heirs to a substantial amount of money. There was no will, but the estate is being administered by the First National bank, of Chicago. The children are Anthony 10 yrs., Valerie 7, and Gregory 2.

Mrs. Brown petitioned the court for their guardianship. Her father, Frank Ippolito 60, of Chicago, and Mrs. Helen Pope, of Oak Park, the maternal aunt, also filed petitions. A full hearing was held before Judge Waugh in probate court. After the second hearing, Frank Ippolito withdrew his petition in favor of Mrs. Brown. The judge awarded the custody of the children to Mrs. Brown, because he felt that the wholesome life of a small town, size of the home, and companionship of her three children would make a good environment for them. Her children are Evelyn 11, Edward 10, and Barbara 9. The Browns have a seven room brick home on a large lot, at 16820 Oak Park Ave. Mrs. Brown is a practicing lawyer. Her husband, Douglas Brown is employed by the U. S. postoffice in Chicago. Ira Schultz, represented the Browns.

Mrs. Pope is a sister of Camille Ippolito, and the mother of five children, and expecting another.

Mr. and Mrs. Chris Varillas of Hull House, friends of the Ippolitos, cared for the children in their home until their custody was awarded to the Browns.

Will County Candidates Issue Statements

STATEMENT OF CANDIDACY TO VOTERS IN WILL COUNTY

It has been my privilege and I have been honored to serve as your Coroner this past term. I desire to thank the voters of Will County and state that, to the best of my ability, I have endeavored to operate an efficient and economical office. Service to the community and county from an efficient standpoint has been performed and economy from the taxpayer's point of view has been stressed, indicated by a savings of approximately four thousand dollars these last three years.

I wish to announce my candidacy as Republican nominee for office of Coroner and pledge continued efficiency and economy.

WILLARD G. BLOOD

Richard M. Laux

Richard M. Laux of Addison, Ill., is a candidate for representative in the general assembly of the 41st senatorial district of Will and DuPage counties on the Republican ticket.

He was born in Addison in 1910 where he lives with his wife and four children.

He is a graduate of York high school at Elmhurst and while working for a large loop bank he continued his education by attending night school at the America Institute of Banking completing the courses in money, banking and economics.

In 1934 he was appointed Postmaster at Addison, a position he held for 16 years until the fall of 1950, at which time he resigned to prepare himself for the present undertaking.

Taking his campaign seriously, Laux stated that his constant prayer is one for the faith and wisdom necessary for a life of unselfish service in the interests of his fellowmen, according to the highest ethical and moral standards.

He further stated it is his sincere belief that the best defense against the enemies of religion and our democratic way of life lies in a return of government on every level to the high spiritual ideals of our fore fathers.

He pointed out that his chief objective will be to have the people recognize the need of spiritual help for the solution of our many perplexing problems, and to get every eligible voter to vote in that frame of mind. To accomplish this, he appeals for the full support of his fellow citizens.

He has always taken an active part in the civic and spiritual life of the community. In 1936 he was elected to school

board district 4 and in 1947 he was elected to high school district 108.

He was one of the founders of the Addison Community Chest and the Addison Chamber of Commerce. In church work he has served on various committees and boards and is now a teacher in the Sunday school of St. Paul's Ev. Lutheran church of Addison, and secretary of the Lutheran Child Welfare Association.

At present he is employed by the Thomas . Myers Real Estate organization at Elmhurst.

The One Millionth Person Killed in Traffic Accidents

Secretary of State Edward J. Barrett today termed the death of the one millionth person in a traffic accident "a sober warning to all of us", and urged motorists and pedestrians to use "extreme caution in the future."
"We have been expecting the death of 'Mr. Million' for quite some time now, but it is still a shock to realize that one million persons have lost their lives in

traffic accidents," Mr. Barrett said.

"The really sad part of that appalling statistic is that the great majority of those lives could have been spared if drivers and pedestrians had used just a little more care, been a little more courteous—if they had applied the golden rule as well as traffic safety rules."

"It is a sober warning to all of us, as both drivers and pedestrians, to use extreme caution in the future, so we will not add either ourselves or others to those statistics."

THE FARMALL C WILL BE THERE, ALL THE WAY!

Grains, grasses, field row crops, vegetables—whatever is planted in this mellow, weed-free seed bed, the new Farmall C Tractor with Touch-Control will be on the job all the way. The Farmall C is shown here with the McCormick No. 10-A Disk Harrow.

For the Farmall C delivers practical 5-way power: (1) at the drawbar, for pulling trail-behind machines; (2) at its mounting pads, for pushing forward-mounted implements; (3) at the belt pulley; (4) at the power take-off; (5) at the Touch-Control power arms for raising, lowering and regulating mounted implements by hydraulic power. All at surprisingly low operating cost!

Available for the Farmall C is a full line of matched, quick-change implement units. New and simple in design, each low-cost implement mounts on the tractor to form a compact operating unit. Rear-mounted implements, likewise, are quick-change.

Implements for the Farmall C are under the complete, 2-way hydraulic control of the Farmall Touch-Control. The Farmall C pulls one 16-inch or two 12-inch bottoms; cultivates two rows of wide-planted crops. Ask for full information.

County School Trustees to be
Elected
A recent law provides for
the establishing of a county
board of School trustees who
will be elected at the April elec-
tions. This board will have
charge of any changes in the
boundaries of school districts
and will serve without compen-
sation except for necessary ex-
penses. Only one person from a
township may serve on the
board.

It is hoped that this territory
will be well represented in this
group and in order to have their
names on the ticket they should

register at the court house
early in January. Now is not too
early.

How to Find Christ

Lesson for January 6, 1952

NOT every one finds Christ in just the same way. This was true at the beginning and it is still true. A very interesting recent book is, "These Found the Way," edited by David W. Soper. (Westminster Press, Philadelphia, \$2.50.) It contains the stories of a dozen modern persons who have become Christians. No two of them have the same story to tell, yet there is something in common among all of them.

Dr. Foreman

Each of them in some way has "found" Christ. It is a mistake to think that all Christians must be cast in the same mold, or that each of us must plant his feet exactly in the footprints (for example) of St. Paul.

Sensational Conversions

At the beginning of John's gospel we find the story of one person after another who followed Christ. There is only one of these who believed in Jesus on the basis of what could be called a "super-natural" experience. This was John the Baptist. He testified that he had "seen the Spirit" (that is, God's Spirit) coming upon Jesus.

Now you cannot "see" the Spirit in the same way you can see a fence-post. Even if you take the story in the most literal way, and take it to mean that the Spirit had taken the visible form of a dove, the question still is there: How would John know that this particular dove was not a dove, but the Holy Spirit?

Whatever you make of it, John was an exception. All the others in the story became followers of Jesus through some one's word, suggestion, invitation; some one introduced them to Christ. That still is true.

Very few people who are Christians today started out with some vision in the sky, some vision of a dove or an angel or of Christ himself (like Paul, later on).

Simpler Cases

Just as likely, it was not spectacular at all. (Most of the conversions recorded in the New Testament were not in the least spectacular.)

It was some one saying, "Let's go to church," or it was a Sunday school teacher saying, "Bill, isn't it time you accepted Christ for yourself?" or a girl saying, "How can I marry a fellow that isn't even a Christian?" It may be reading a tract or it may be listening to some one's testimony in a prayer meeting, it might be reading that book about how some in our time have "found the way,"—or it might even be reading this column.

However it comes about, two things are always true. First, some one introduces you to Jesus. Then, you make the decision for yourself. You are not likely to come to Christ unless some one else suggests it and helps you; but no other person however good, and no church however great and true, can do for you what you alone can do for yourself: make up your own mind to say "Yes" to Jesus Christ.

Nowadays much is said about "Fellowship Evangelism". There is nothing mysterious about it. For instance, a man who has never thought about becoming a Christian and perhaps no intention of being one, joins (say) a men's club at some church . . . and one thing leads to another, and he gets acquainted in this way with the minister or with some one else who has had a real and happy experience with Christ . . . and presently his heart is stirred and he too becomes a Christian—because he has made Christian friends.

Saying a Good Word

Yet it is a strange thing: many people will talk about anything else they believe in, before they will talk about Jesus Christ.

Suppose that from the beginning every one had been as close-mouthed about Him as most church members are? Simon Peter, for one, would never have become a Christian. If it had not been for his brother Andrew, who knows what would have become of Simon Peter?

In commercial lingo, Jesus "sells" himself. First-rate things, ideas or persons always sell themselves. But even the finest articles in the world need to have their story told, they have to be introduced, people have to know about them. Every church, every Christian, ought to be (in the best sense) advertising Christ. Is yours? Are you?
